

ANNIVERSARY WORKPARTY!

Past, Present and Future in our Life and Work

Inspired by 10-years since the founding of Amara, we welcome you to a 1-day anniversary workparty in Helsinki, on **September 12th - 9:00AM**. Let's learn deeply together by standing still, looking back and then stepping into the next stage of the story with the wisdom and insights gained giving a fresh and collaborative perspective for the future.

THE BACKGROUND

Our Amara journey began a decade ago at the Amara Adventure Conference in Helsinki, exploring the relationship between individual and organisational transformation in practice and enjoyed a keynote dialogue between Bill Torbert and Frederic Laloux. The co-created insight was that the presence of late-stage action logics in those in power matters when creating self-organising structures.

In the past decade we published 'Street Smart Awareness and Inquiry-in-Action', initiated and co-created Shifting Horizons and have brought our work to every continent on this planet. **Latently**, we have been adding neuroscience through Johan's upcoming book and drawing on quantum philosophy as an evolving foundation of our work, through Heidi's doctorate work. **Going forward**, we honour the contribution of Bill Torbert and celebrate our own work and impact it has created with our clients and amongst ourselves.

12th September
9:00AM - 4:30PM

Hilton Kalastajatorppa,
The Yellow Room,
Kalastajatorpantie 1, 00330
Helsinki

Hosts:
Heidi Gutekunst Almiron
Jane Allen
Johan Mellerup Traekjaer

Free, with invitation
to contribute

THE INTENTION FOR THE WORKPARTY

The Workparty is planned to offer quality thought, strong heart, joyful intuition that all combine in an embodied experience and culminating our hopes for the next ten years, for our personal and collective adventures to come.

Our joint inquiry question is: What is our collective hope for 2035?

We invite you into a safe and free space, where we can connect with each other and choose the depth of our exploration. We will share stories and learnings that are grounded in research and promise not to lecture to you. We offer a lot of constructive space for you to engage in your own experiences and learning.

You do not need to have previous knowledge of the theories we have pointed to here; please come as you are. We invite you to contribute with your own gifts of knowing during the flow of the day.

PROGRAMME FOR THE DAY

9:00 AM - 9:30 AM	Arrive and Refreshments
9:30 AM - 1:00 PM	Welcome, Morning Session
1:00 PM - 2:00 PM	Lunch Break
2:00 PM - 4:00 PM	Afternoon Session
4:00 PM - 4:30 PM	Appreciations and Closing

THE DAY WILL INCLUDE...

- Framing thoughts and insights from Heidi, Jane and Johan inspired by our collective work to trigger deeper exploration and creativity.
- Spaces to find stillness within ourselves, connecting with others and sharing our hopes in action.
- Enabling structures for sharing of hearts and minds and building our meaning making together.
- Practices for appreciating what has been, letting go and opening space for future connections through uncertainties, challenges and rewards.

For registration or further inquiries, contact
Heidi Gutekunst: heidi@amara.fi

This workshop is open to everyone wanting to join. We will provide lunch and refreshments during the day.

For those who can and want - we invite your financial contribution to crowd-fund our next development, a **Shifting Horizons 360 assessment**.

Based on feedback from our customers, we have a vision to develop a 360 developmental (vertical) assessment that engages all parties in developmental reflections through a reimagined experience that evokes curiosity and creativity. We're crowdfunding to support the final stages of development and are grateful for any contribution. More information at <https://shiftinghorizons.io/360crowdfunding>.

Thank you for being part of our mission as we launch in the new year!
